## **Professional experiences:**

### **Gerling-Konzern Belgique S.A. (01.01.1983-31.08.1995)**

- 01.01.1983: Legal counsel, liability claims department.
- 01.01.1986: Head of liability claims department.
- 01.08.1990: Company lawyer.
- 01.01.1991: Proxyholder

As the only lawyer within the Belgian office of Gerling-Konzern Belgique S.A. the coordination for all legal issues was done: legal advices for as well the territory office

as for the different insurance underwriting departments. The claims department was built out as a tool for underwriting information ( early warning, claims statistics, ...).

**Tessengerlo Group (01.09.1995-31.08.2011)**

- 01.09.1995: Risk manager – company lawyer.
- 01.05.1997: Board member of Terelux S.A., captive reinsurance company  
Tessengerlo Group.
- 01.01.2011 : Group risk & insurance manager, ERM coordinator

From 1995 on the first group initiatives were taken : group insurance programs giving an improved coverage at a better premium rate. The info received through these programs allowed to start up real risk management.

The captive reinsurance company was successfully transformed into a risk management vehicle allowing the group to better control the risks resulting from the activities.

In 2009-2010 the Enterprise Risk management project was launched. All the risks of the group are now mapped, and mitigated.

**Publications:**

- “Insurance as a solution for environment impairment”, International Business Law Journal nr 4 p. 497-499, 1993
