

## Global Risk & Insurance Specialist

### Who we are?

At Fagron we are creating the future of personalizing medicine. We strive to make a difference and bring a positive impact in every aspect of our endeavours:

- Enabling accessibility to compounding and personalizing medicine.
- Demonstrating social responsibility, ethical practices, and diversity to benefit the environment and community.
- Driving excellence in our operations, leaving a global imprint.
- Cultivating a collaborative and entrepreneurial working environment where innovation can thrive.

We started our journey in 1990 in the Netherlands, and quickly expanded to over 20 countries serving more than 80 locations worldwide, becoming the world's leading pharmaceutical compounding company. As we continue our growth, we are looking for talented individuals, that could be you, to join our Fagron Family!

If you are excited to join an organization with an 84% engagement score, where every day is a new adventure, your contributions are valued and celebrated, you can grow both personally and professionally. We are committed to providing equal opportunities for all applicants, regardless of their race, ethnicity, gender identity, sexual orientation, religion, age, or any characteristic.
