HOW TO PARTICIPATE?

The competition is open to students of Belgian universities and/or colleges.

Topics can be related to industrial risks, financial institutions, services, country risks, public affairs, ...

"I am extremely proud to have won. To be perfectly honest, I didn't expect it at all. The jury really did put me on the roster with a lot of critical questions, which made me think I had little chance. But I clearly misjudged that because they have a broad spectrum of interests and are active in everything to do with risk management."

Karo Vanparrijs, Belrim Prize 2024.
